**Employee Database System (EDIE)**

Employee Database System Internet Edition (EDie) is the web-based and enhanced version of the VEDS. EDie, a client server application, provides integrated, next generation solutions with web-based access to employee management data. Purchase of EDie requires the one-time base license fee for each primary organizational structure (a licensing entity) as well as the renewable per user license fee (per licensing entity) and annual product maintenance. NetComm, Inc. warrants for a period of ninety (90) days from delivery ("Warranty Period") that it will make reasonable efforts to ensure the Licensed Product operates substantially in accordance with the applicable specifications.
