SOFIE is a proprietary software product solely available from NetComm, Inc. Each person who accesses SOFIE must be covered by a user license. Microsoft Excel is required for spreadsheet functionality. The client will be required to license third party software products directly with designated suppliers. A list of third party software required may be obtained from NetComm, Inc. Focus User: may see data only at the account structure level with no access to summary account information; have no access to Microsoft Excel link; no ability to enter allocations, budgets, projects, or transaction notes; and no administration authority. Client is responsible for reserving space for SOFIE training classes. Each trainee should have hands-on access to a workstation. Cancellations are allowed with seventy-two (72) hours notice without cost. Cancellations after deadline are charged full tuition rate. Substitutions are allowed. Minimum class size: 6 for Basic User Training; 2 for Data Administrator Training. The Per User License Fee and Product Software Maintenance Support must be renewed at the beginning of each fiscal year.
